## Jobless Benefit Expansion Plan Opposed by Ike

Democrat Proposal Goes too Far, GOP Leaders Report

WASHINGTON (AP)—President Eisenhower feels that a Democratic-sponsored expansion of unemployment benefits would seriously jeopardize historic federal-state relations, Republican congressional leaders said today.

Eisenhower's opposition to a bill the House Ways and Means Committee approved Monday was set forth by Senate GOP leader Knowland of California after he and other Republican chiefs concluded their regular weekly meeting with the President.

The plan, going well beyond proposals sponsored by the administration, is to have the federal treasury foot the bill for a 6-week extension of jobless pay benefits and take into the program workers not covered by existing plans under state-fixed standards.

A pension-welfare fund bill, sponsored by Senators Kennedy (D-Mass.), Douglas (D-Ill.) and Ives (R-N.Y.), would provide for federal regulation of benefit plans covering 100 employees or more.

IT WOULD require registration of all such plans and disclosure of their financial management.

Knowland said he would push amendments key provisions of what he described as a "Bill of Rights for labor," a bill he introduced in January with the avowed purpose of assuring democratic processes within labor unions.

Knowland told newsmen this might be the only opportunity at this session to get floor consideration of his proposals.

Knowland conceded in talking to reporters that his move might open up the whole field of labor legislation on the floor.

Sponsors of the welfare fund bill had urged that floor debate be limited to the one issue, lest introduction of more controversial subjects prevent passage of any labor bill at this session.

Knowland also told newsmen: 1. The administration has made a basic decision to merge the Office of Defense Mobilization and the Federal Civil Defense Agency. The merger procedure, whether a reorganization plan needing congressional approval or some other means, will be decided upon soon.

2. An administration program to provide relief for the nation's hard-pressed railroad transportation system will be sent to Congress by Secretary of Commerce Weeks either later in the day or Wednesday. The plan will be submitted to a committee headed by Sen. Smathers (D-Fla.).

## Thugs Strip Women of Cash, Duds

DALLAS (AP)—A couple of bandits in Ivy League clothes forced some 20 women to strip and reduced the take at a reducing salon by \$150 here Monday night.

"It was awful," complained manager Esther Ragland.

"They walked in like they owned the place, herding two or three women ahead of them from the entrance hall."

She said the gunman, snarling death threats, forced the women into a steam room, shut the door and stood outside. He ordered everyone to disrobe and throw out the clothing.

He then ordered Mrs. Ragland, still dressed, to the front office and made her hand over all the money.

"Then he marched me back to the steam room, opened the door and shoved me inside. He came right in with me and made me take off my clothes."

"It was terrible. All the ladies were sitting on the benches without a stitch on. Everyone of them was scared to death."

"He told us he'd kill the first woman who opened the door. He told us to stay inside 15 minutes. 'We did.'"

## Motorist, Cop Exchange Quotes

VANCOUVER, B.C. (AP)—"Didn't have change—to err is human," said Ken Van Altman in a note he left together with a quarter on the windshield of his car. When he returned he found a parking ticket and another note. It read: "Lead us not to temptation."

## Russia Ends Fight To Halt American H-Bomber Flights

UNITED NATIONS, N. Y. (AP)—The Soviet Union Monday gave up a fight to have the U.N. Security Council demand a halt to arctic flights toward the Soviet frontier by U.S. hydrogen bombers.

Soviet Delegate Arkady A. Sobolev withdrew a resolution claiming the American flights risked nuclear war. Nine of the other 19 countries on the Council had spoken against it in a six-hour debate.

U.S. Delegate Henry Cabot Lodge said the flights of the U.S. Strategic Air Command were practice to keep up its deterrent strength and "could not possibly be the accidental causes of war."

## Armco Re-calls More Workers

Demand Picks Up For Steel Buildings

Eleven more of the 48 employees of The Armco Drainage and Metal Products Co. plant here, who were furloughed on Feb. 13, have been notified to return to their jobs next Monday.

Seven others were re-called in March.

Leo Edwards, supervisor of personnel and safety, said the re-call of the employees stemmed from a combination of factors. He noted that there has been a nominal upturn in the business trend and some increase in the demand for steel buildings. Armco, he said, is now packaging and stocking its Steelco farm buildings, to have them ready for immediate delivery during the summer.

Meanwhile, he pointed out, the stock of general purpose Steelco buildings, which form the bulk of the production of the Armco plant here, is being maintained.

Much of this work is centered in the new \$50,000 building which has just been completed.

Back in February, when the 48 were dropped, A. H. Hutton, district manager, explained that there is a normal easing of demand for steel buildings in the winter when cold weather slows their erection. At that time, too, he said an upturn in demand was expected to come with warm weather.

Hutton also said that the new rigid frame welding department, which replaced the steel pipe department after it was moved to Wellington, is now in operation. This, he said, helps round out the operational force.

THERE ARE indications of a general improvement in business, Edwards said, and added that Armco hopes to call the remaining 30 furloughed employees back in the near future.

He also noted that the Armco policy is to employ no other workers until after all of the furloughed employees are back on the job.

While the company hopes to employ some college students and teachers during the summer vacation, as it has in the past, it was made it plain that they would not be taken on until all of the furloughed workers have been recalled.

Edwards repeated that a steady, but gradual, upturn in business in general this year is now indicated.

## Boy, His Dad and Deputy Killed in Strange Gun Duel

DANA POINT, Calif. (AP)—A 10-year-old boy, his father and a deputy sheriff died in a strange gun duel Monday night.

Another deputy and a 14-year-old boy were wounded.

Authorities said the sheriff's office had received a telephone warning that a deranged man was driving a battered old school bus, converted for family travel, through this picturesque resort city and that he had threatened to harm his children.

After the shooting, authorities began trying to piece together the reasons for the apparently senseless gunfire from the bus. Sheriff's Lt. Clarence A. Double said he was told the bus driver was a "religious fanatic" who demanded perfect obedience from members of his family.

Lt. Double gave the following account of the gun battle:

Deputies Edward C. Johnson, 31, and Robert L. Shultz, 37, overtook the bus on the Street of the Blue Lantern.

As Johnson and Shultz approached, Charles Arthur Seyfert,

He asserted the flights would continue.

Britain, Canada, Nationalist China, Colombia, France, Iraq, Japan and Panama sided with the United States. The other Council member, Sweden, kept silent.

After Lodge, the Council president for April, proposed that the Council dispose of the Soviet resolution before adjournment, Sobolev twice failed with motions to gain time by adjourning the debate overnight. Only Sweden voted with the Soviet Union.

THEN HE WITHDREW his resolution to censure the United States, protesting that Lodge had sidestepped free discussion.

Before the U.N. debate started, the U.S. Secretary of Defense and the chairman of the U.S. Joint Chiefs of Staff detailed how there could be no unauthorized American bomber strike against Russian targets.

The New York Times reported that the two American defense officials, Neil H. McElroy and Gen. Nathan F. Twining, declared that 15-minute readiness alert patrols of the Strategic Air Command are "foolproof."

Under "Fail Safe" system adopted last November, United States bombers carrying nuclear weapons often head toward theoretical targets in the Soviet Union, but they turn back automatically at a certain point if not specifically ordered to continue. The missions are part of a plan for constant readiness.

McElroy and Twining reiterated the explanation military officials have made before. This was to the effect that while United States bombers might head toward Soviet targets, either in practice alerts or in response to sightings of unidentified objects on radar screens, they never went beyond a certain point.

The two officials rejected the possibility, referred to in Moscow by Soviet Foreign Minister Andrei A. Gromyko, that through some mistake the United States forces could unleash an atomic war.

THEL MADE IT evident that the United States had no intention of changing the alert program because of the Soviet protest.

To guard against surprise attack, the United States has dispersed its great nuclear-armed bombers to bases in Allied countries all over the world. It keeps some aircraft aloft at all times.

Under the Fail Safe system, two signals and a definite boundary are set in the coded instructions of every bomber crew.

The first signal may send a plane racing toward a target, on the basis of a practice alert or in response to a possible threat that must be checked.

But these planes never proceed receiving the second signal—one beyond a given boundary without that can be given only by the Joint Chiefs of Staff on orders of the President.

## Michigan To Keep Auto License Slogan

LANSING, Mich. (AP)—Michigan has decided to keep the "Water Wonderland" slogan on its auto tags another three years.

The state was considering changing the slogan recently and scores of citizens sent letters suggesting new slogans. One disgruntled writer proposed: "Michigan, Land of the Unemployed."

## Boy, His Dad and Deputy Killed in Strange Gun Duel

DANA POINT, Calif. (AP)—A 10-year-old boy, his father and a deputy sheriff died in a strange gun duel Monday night.

Another deputy and a 14-year-old boy were wounded.

Authorities said the sheriff's office had received a telephone warning that a deranged man was driving a battered old school bus, converted for family travel, through this picturesque resort city and that he had threatened to harm his children.

After the shooting, authorities began trying to piece together the reasons for the apparently senseless gunfire from the bus. Sheriff's Lt. Clarence A. Double said he was told the bus driver was a "religious fanatic" who demanded perfect obedience from members of his family.

Lt. Double gave the following account of the gun battle:

Deputies Edward C. Johnson, 31, and Robert L. Shultz, 37, overtook the bus on the Street of the Blue Lantern.

As Johnson and Shultz approached, Charles Arthur Seyfert,

## News in Brief

### Divorced Queen Says Shah Had 'No Choice'

NEW YORK (AP)—Beautiful Princess Soraya, heartbroken over her divorce by the Shah of Iran but obviously still in love with him, said today her husband had no choice but to do what he did.

"I know that all the women of America will sympathize with the depth of my feeling and that the people of the United States will grant me the privacy I earnestly request," she said.

The 25-year-old former queen arrived aboard the liner Constitution and declared:

"My marriage to His Imperial Majesty Mohammed Reza Pahlavi, Shah of Iran, has ended because we were not blessed with a successor to the throne.

"The decision was, for both of us, the most difficult of our lives, but I have prayed for guidance in this ordeal."

The princess said she would sail Friday for a 10 or 15-day visit to Bermuda, then return here.

Asked if she and the Shah corresponded with each other, she said they did not.

AMSTERDAM, Netherlands (AP)—William Heikkila, deported from the United States as a former Communist, left by plane today for Copenhagen.

The Finnish-born draftsman, 56, arrived Monday by airliner from Vancouver, B. C., where U. S. immigration agents took him Friday after spiriting him out of San Francisco.

Presumably he planned to catch a plane for Finland in Copenhagen.

Heikkila's wife said in San Francisco that he was arrested Friday as he left work there.

The onetime Communist had gone through lengthy federal court proceedings in an effort to remain in the United States.

JAKARTA, Indonesia (AP)—The Sumatran rebel regime has fled from its mountain capital of Bukittinggi to a village 28 miles southeastward, a government spokesman said today.

Insurgent Premier Sjafruddin Prawiranegara, his ministers and communications equipment have been moved to the new capital.

### Texas Twister Tosses Baby Into Pasture

MIDLOTHIAN, Tex. (AP)—Whirling erratically, a tornado smashed farm houses, injured 11 persons and snatched a small boy from his mother's arms late Monday.

Gary Froning, a chubby 2-year-old, was sucked from his collapsing home and whirled 50 yards into a pasture as the twister slashed back and forth across a dozen mile square.

Although debris fell all around him, the youngster suffered only a cut chin.

The tornado, which swept across the farm area south and east of this central Texas town, apparently scored a direct hit on the four-room frame home of George Froning, six miles southeast of Midlothian.

After the storm passed on, Froning picked himself up 100 feet west of where only the foundation of the house remained. He had a head cut.

His wife landed a few feet from the dwelling. Her left arm was gashed.

After a few seconds they found Gary, sobbing from fright and unable to say what had happened.

### Indiana Bank Thug Identified

CANTON (AP)—Carl Dee Parker, 27, of Canton was identified Monday as one of the robbers who took \$50,104 in a holdup last Oct. 18 at the Lincoln National Bank & Trust Co. in Fort Wayne.

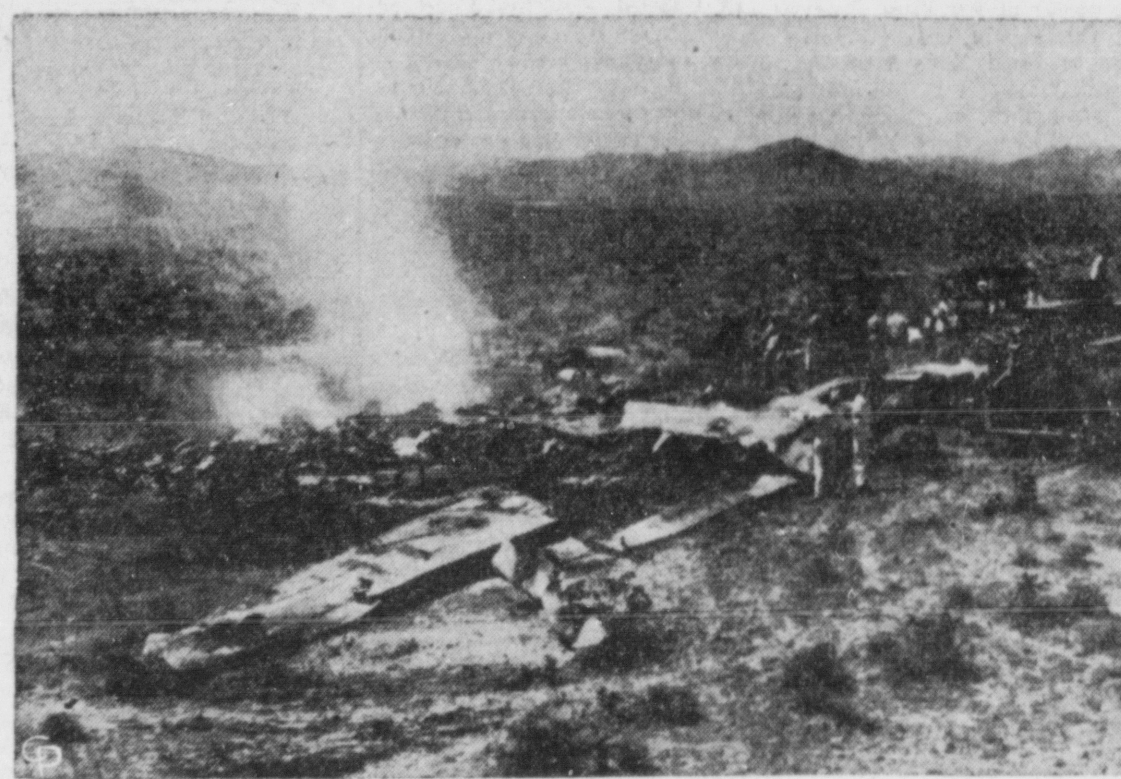

Identification was made by Carl A. Gunkler, vice president of the bank, and Miss Carol Haines, a teller, at Parker's preliminary hearing before U.S. Commissioner J. Stewart Ake.

The commissioner set Parker's bond at \$50,000 and turned him over to the U.S. marshal at Cleveland for transportation to the Fort Wayne authorities.

### White House Aide Dies

NEW YORK (AP)—Alexander W. Greiner, 70, White House coordinator of musical affairs since 1934, died Sunday of a heart attack. He also was concert artist manager of Steinway and Sons.

# Fayette Countian Feared Killed in Airliner Crash

## Remains of Crashed Airliner

THIS IS ALL that is left of the United Air Lines DC-7 which carried 47 persons to their death after colliding with an Air Force jet fighter near Las Vegas, Nev.

## WHS Cage Coach, 2 Principals Resign

Two elementary school principals and Washington High School's head basketball coach have submitted their resignations to the city Board of Education.

Herbert K. Russell, whose cage teams have won or tied for South Central League championships during his three years here, handed his resignation to the superintendent of schools Tuesday morning.

Earlier resignations submitted by Quentin Ciceron, Sunnyside principal, and Jam S. O. Stroud, Eastside principal, were accepted by the board at a regular meeting Monday night.

None of the three have announced their future plans.

Russell came here from Columbus where he formerly was a member of the Aquinas High School staff. He also has been teaching classes in American history and economic geography and has acted as baseball coach and junior high football mentor.

Ciceron came here a year ago from Castle Heights, Tenn., and Stroud joined the staff last year, coming here from Martinsville.

BESIDES ACCEPTING the two resignations, the board, in a five-hour session, granted continuing contracts to five present teachers, and awarded limited one-year contracts to 28 others.

The remaining 50 teachers in the system already hold continuing contracts.

In addition, the board granted

## Boy Sentenced For Slaying His Mother

REXBURG, Idaho (AP)—Troubled Tommy Brophy, 15, a poetry-writing youth who had 20 neighbors marked for murder, sat in a cell today awaiting perhaps the security he has never known.

The high school sophomore was given 32 years in prison Monday for killing his mother last February. He must serve at least a third of it.

"It is difficult to understand you," said Judge Willard Burton as Tommy wept quietly during the sentencing. "You are a quiet, nice-appearing boy, but beneath the surface there is a storm raging. You have become a menace to society, and this society which you have not trusted cannot trust you."

Tommy twice blasted Mrs. Nellie Mae Hinckley, 36, with a shotgun, then fired a rifle bullet into her head. He was convicted of second-degree murder despite his plea of temporary insanity.

The bright, brooding youth (he has an IQ of 128) was described by psychiatrists at his trial as an impulse-ridden boy with a persecution complex, caused partly by his troubled home life.

Among Tommy's effects police found papers detailing plots to kill 20 neighbors. Other items told how Tommy shot cats at night and once left a cat's paws on a neighbor's doorstep.

## Frank Theobald On Casualty List

Relatives Here Notified by Wife

A former Fayette County man is believed to be one of the 47 passengers on a United Airlines DC7 who were killed in a collision with an Air Force jet trainer near Las Vegas, Nev., at 8:30 a. m. Monday. Both planes crashed.

On the casualty list released Monday night was the name of Frank A. Theobald, San Bernardino, Calif., and Mrs. Theobald telephoned relatives here from her home in San Bernardino that she had been asked by Air Force and United Airlines officials to describe her husband and his clothing.

Although no further word has been received, Mrs. Mac Dews Jr., a sister of Theobald, said she felt certain her brother was among the victims of the crash.

Theobald, 36, the son of Russell Theobald, Route 62, near Buena Vista, grew up in Fayette County. Shortly after his graduation from Leesburg High School in 1935, he took a position at the Wright-Patterson Air Force Base.

Not long afterward, however, he returned to Fayette County where he and Herman Gosney were in the dry cleaning business and had a used car lot near the junction of W. Elm St. and the Greenfield Rd.

A few years later he returned to Wright-Patterson AFB where he remained until he was transferred to Norton Air Force Base at San Bernardino. He was a civilian employee of the Air Force, assigned to the missile division.

Mrs. Dews said her brother, in his position as an expeditor for Air Force contracts, traveled all over the country, almost always by plane, and understood that he was scheduled to make the flight on the ill-fated airliner Monday.

Theobald's wife, the former Myrtle Carman of Washington C. H.; two daughters, Carol Ann, 4, and Teresa, 2, and step-daughter, Miss Linda Graves, 18, live in San Bernardino.

WASHINGTON (AP)—Democrats went gunning for the Eisenhower administration today with accusations that it is claiming credit for peace when there is no peace and robbing the citizen to pay off the financier.

Harry S. Truman hurled the robbery charge Monday night. The jaunty former President said the recession is no accident, an administration high-interest policy is its basic cause, and "Shylock was a gentleman compared to our Republican interest-happy government."

A 1958 campaign conference of Democratic women from over the nation, 2,000 strong, assembled for three days of speeches and workshop sessions to whip up pep and strategy for this fall's congressional elections.

In the same forum, Sen. Mansfield of Montana, assistant Democratic leader in the Senate, said Americans would be fighting in Red China now if Democrats hadn't restrained Republican enthusiasm for it, yet the administration is trying to sell the people the idea there is peace in the Far East.

IN THE MIDEAST, the senator said, the administration has "toyed with autocratic and dictatorial movements and nations, while it overlooks with almost snobbish disdain countries like Lebanon and Israel which are struggling to keep the concept of freedom alive."

Truman said the administration has been "misusing its power over the money supply" to redistribute the national income in the wrong direction.

ALL 47 ABOARD the airliner and the two men in the supersonic jet fighter-bomber were killed in the crash.

Thousands in Las Vegas saw the death dive of the big airliner, which exploded in the clear sky at the moment of impact, staggered through one big curve, then (Please Turn to Page Two)

## Taxman Ignores Lover's Plight

DENVER (AP)—All the world loves a lover except George H. Allan, U.S. district director of the Internal Revenue Service. He imposed penalty charges against a taxpayer who mailed his tardy return with the explanation: "I eloped this past weekend and forgot about my income tax."

FRANK A. THEOBALD

## Newsman Study Own Economy

### Productivity Boost Said Key to Crisis

NEW YORK (AP)—Many American newspapers are caught in an economic squeeze because rising costs are not being matched with an additional income, William Dwight, president of the American Newspaper Publishers Assn., said today.

This crisis, he added, can be met only by increased productivity, which in turn depends on enlightened management and labor leadership.

Dwight, publisher of the Holyoke (Mass.) Transcript-Telegram, made the remarks in an address at an ANPA session of publishers with newspapers having circulations of 10,000 to 50,000 a day.

Dwight called upon the publishers to "discard temporary expediency thinking" and to take a realistic look to the future.

Newspapers should continue to press their crusade to protect the people's right to know, Dwight said, despite consideration by the government of interference with advertising and the thwarting of access to news.

AT THE SAME time, another discussion group, representing newspapers with circulations under 10,000, was meeting.

Edward J. Hughes of the Westchester (N.Y.) Newspapers, told this group that "the lesson of history is that, if economic freedom be lost or destroyed, all other freedoms, including those of the mind and spirit, soon perish. Through greater efficiency, we are fully justified in seeking greater prosperity so that the press may be free to fight for all the freedoms of all Americans."

## Frank A. Theobald

(Continued from Page One)  
came roaring down, all four engines racing wide open.

The plane crashed in the sun-baked foothills 10 miles south-west of Las Vegas. The jet plane plunged to earth three miles away. The transport hit within 10 miles of the spot where Actress Carole Lombard and 21 others died in a 1942 plane crash.

A Las Vegas resident, Jeff McColl Sr., said he was watching the big New York-bound airliner as it sped through the cloudless skies at 21,000 feet.

"I didn't see the jet" he said, "but all of a sudden there was an explosion and one wing of the DC7 burst into flames. The plane made a spiral and then came down in a steep dive. As it fell the flames spread back along the fuselage."

The airliner exploded when it hit the ground, scattering wreckage for three-fourths of a mile and sending up a black plume of smoke visible from Las Vegas. The largest piece of the plane found intact was a 20-foot section of the fuselage.

The bodies were badly burned and shattered and identification was slow. The bodies were taken to the Las Vegas Race Track, where a temporary morgue was set up.

Wreckage from the transport drifted down for five minutes after the collision.

The Air Force plane, a dual control trainer with a student pilot in the rear seat and an experienced flier in front, had been operating out of Nellis Air Force Base at 27,000 feet just before the crash.

Col. Bruce Hinton, in charge of the pilot training group at the air base, said it could not be determined which man was flying the plane, but that on a normal instrument training mission the student pilot, flying on instrument in a hooded cockpit, would be in control.

"What this plane was supposed to be doing," he said, "was practicing instrument training in clear weather. The flier in front is out from under the hood, and one in back is under the hood."

The pilot was given permission to descend on a routine penetration (following radio signals from the ground). He was told to go ahead. We don't know what happened then."

The youth slipped a quarter-inch board under his shop apron during a woodworking class, picked up a carving knife and called, "Watch!"

He swung the blade at the hidden board. The wood split and the knife plunged into his chest.

## New Names for U. S. Missile Subs Urged

SACRAMENTO, Calif. (AP)—The California Legislature Monday called on the U. S. government to name the Navy's new nuclear missile submarines for states.

Submarines long have been given the names of fish and other marine life.

The states have been without a color bearer since the last fleet battleship, the Wisconsin, was put into mothballs recently.

## Deaths, Funerals

### Werter C. McHenry

Werter C. McHenry, 90, former assistant at the Albert McCoy Funeral Home here, died at 5 a. m. Tuesday in his home, 431 W. Circle Ave.

Mr. McHenry, a native of Washington, C. H. and a lifelong resident of Fayette County, had been in failing health for five years and critically ill for two weeks.

In earlier life he had been a farmer.

Surviving are two sisters, Misses Etta and Grace McHenry of the Circle Ave. home.

Services will be at 2 p. m. Thursday in the Kirkpatrick Funeral Home here with the Rev. W. Neil Ham, pastor of the First Presbyterian Church, in charge. Burial will be in Good Hope Cemetery.

Friends may call at the funeral home after 2 p. m. Wednesday.

### Mrs. Elizabeth Miller

Services for Mrs. Elizabeth Miller, 79, who died Sunday in Memorial Hospital in Washington, C. H. will be at 10 a. m. Wednesday in the Snyder Funeral Home, Mt. Sterling.

Born in Jackson, Mrs. Miller came to Mt. Sterling from Bloomington about 20 years ago, and had lived there ever since.

Survivors include 70 step-sons, Henry and Wesley Miller of Springfield; and two step-daughters, Miss Irene Miller of Springfield and Mrs. Naomi Womach of Jacksonville, Ore.

Burial will be in Milledgeville Cemetery.

### Elmer Paul

Services for Elmer Paul, 63, a former resident of Washington, C. H. who died Sunday night in Springfield, will be held at 2 p. m. Wednesday in the Littleton Funeral Home, Limestone St., in Springfield. Burial will be in the Springfield Cemetery.

Friends may call at the funeral home any time.

## Ohio To Get New Athletic Commissioner

COLUMBUS (AP)—The Ohio High School Athletic Assn. today announced the retirement of H. W. Emswiler as state commissioner.

Emswiler, 71, has been commissioner since August 1944.

He will be succeeded, effective Nov. 1, by W. J. McConnell, who has been associated with the athletic association since August 1951.

Emswiler's resignation was accepted by the OHSA's Board of Control at a meeting Monday.

McConnell, 45, is a graduate of Ohio Northern and taught at Fremont Ross from 1943 until he became Emswiler's assistant.

Emswiler, a native of Jersey, Ohio, received his B. A. degree from Denison University in 1918. He joined the Columbus school system upon graduation and served as coach and teacher at Columbus East High School for six years.

From East High School he went to Starling Junior High where he served as principal for 10 years. He moved to Central High School in Columbus as principal in 1934. He remained there 10 years before taking over the commission's job in 1944.

COLUMBUS (AP)—The Ohio High School Athletic Assn. has ruled that batters in scholastic baseball games must wear protective headgear. If the batter refuses to do so, the umpire must call him out.

## Youth To Face Grand Jury on Check Charges

A South Charleston youth, charged with two counts of forgery, waived preliminary hearing in Municipal Court Tuesday and was bound over to the Fayette County grand jury.

Under a \$500 bond on both counts, Charles Maynard, 18, was picked up by Fayette Sheriff Orland Hays at Maynard's sister's home in South Solon Sunday at 5:30 a. m.

Maynard is accused of falsely making out and cashing two checks, one for about \$23 and the other for about \$45. "Roy Baber" was the name signed to one of the checks. Both were taken to the Milledgeville Bank in Jeffersonville to be cashed.

IN OTHER Municipal Court action, Harrison Worcester, 29, Greenfield, arrested on two charges—failing to obey the reasonable request of a police officer and driving left of the center line on the highway—pleaded guilty to both and was fined \$10 and costs on each charge. Judge Max G. Dice stipulated that Worcester appear in court on or before May 13, 1958, with evidence that he has obtained a valid driver's license.

Accused with shoplifting 55 cents worth of food from the A&P Market, Arthur Hakes, 69, of 636 Perdue Plaza, was fined \$50 and costs and sentenced to 30 days in the Cincinnati Workhouse by Judge Dice. The judge suspended the workhouse sentence.

Richard Roush of the A&P Super Market signed the affidavit against Hakes. The defendant pleaded not guilty to the charge, but was found guilty.

Five motorists failed to appear to face charges of speeding, and forfeited bonds: Dennis D. Fitzwater, 19, Eaton, \$10 bond; Frank J. Mann, 43, Route 6, \$10 bond; Walter C. Byrne, 36, Richmond Hill, N.Y., \$20 bond; Gerald H. Williams, 20, Toronto, Ohio, \$20 bond; John F. Seanlon, 38, La Jolla, Calif., \$20 bond.

## Monaco Gives Lady Docker Royal Boot

MONTE CARLO (AP)—Britain's Lady Docker got the boot today from Monaco. Prince Rainier's government charged she had insulted the royal family and the flag of the little principality.

The order, signed by Minister of State Henri Soum, did not apply to Lady Docker's industrialist husband, Sir Bernard. The government considered him merely an onlooker.

The government charged Lady Docker had torn up a paper Monaco flag because her 19-year-old son was not permitted to attend the christening reception for Prince Albert, newborn son of Prince Rainier.

## Go-Slow Urged On Space Man

WASHINGTON (AP)—The chief of the Navy's Vanguard project says scientists should use instruments to learn preliminary facts about space and not use a man as a guinea pig.

Dr. John Hagen told the Special House Space Committee that this country might be able to send a man around the world in a space ship in two or three years, but contended the objective should not be as soon as possible.

"The aeromedical people," he said, "have plans for instruments to be sent up that would tell them much of what could be learned by sending a man into space."

## Key Stocks Dip; Trading Is Inactive

NEW YORK (AP)—The stock market dipped irregularly early this afternoon in fairly active trading.

Key stocks declined fractions to around a point. A good scattering of gains were shown in about the same range.

The market was a bit higher at the opening then lapsed into irregularity and finally into a generally lower pattern. Profit taking was apparent after a string of three vigorous daily advances.

Rails, coppers, oils and other industrials took losses. U. S. Steel was strong and other steels made belated improvement. Airlines had a sudden spurt to the upside after trading about unchanged.

The improvement in steels followed a published statement quoting a U. S. Steel official who predicts an upturn in industrial activity this summer.

U. S. Steel and Republic Steel added major fractions. Youngstown Sheet was firm.

Eastern Air Lines and United Air Lines rose about a point each. American Motors continued active and was up a major fraction, riding on glowing prospects for the Rambler car.

Leading rails, which have climbed to new 1958 highs along with the general market average, were clipped for fractional losses.

U. S. government bonds edged higher.

## Her Diamonds Have Ups, Downs

TOPEKA, Kan. (AP)—Mrs. Thomas Boehm says she will use separate containers the next time she soaks her feet and diamonds.

On March 23, Mrs. Boehm was soaking her feet in the bathtub of her home. She placed several diamond rings, valued at \$2,000, on a steel safety pin and dropped them into the water.

Swish. Down the drain. She asked police for suggestions. They brought out a powerful magnet.

## Trucker Is Killed In Freak Accident

LOS ANGELES (AP)—Harry Allison McGill, 45, was hauling an 18½-ton naval gun on his truck from Long Beach Navy Yard to Mare Island, near Vallejo, Calif.

As he was coming through Los Angeles, he had to jam on his brakes suddenly.

The big gun shot forward, rammed into the cab and crushed McGill to death.

West Berlin making 90 - second film spots of GIs doing interesting or outstanding jobs.

The films will be shown after stations give advance notice the soldier's family and friends.

## Churchill Labeled As Only Amateur

CHICAGO (AP)—Winston Churchill is rated by the Chicago Art Institute as an amateur painter, and his paintings will not be exhibited at the institute.

Director Daniel Catton Rich said Monday that the institute has rejected an exhibit of 35 of the former British prime minister's oil paintings.

"We do not show the work of amateurs unless they have been passed by professional juries," Rich said.

However, the paintings will be shown in Washington by the Smithsonian Institution.

## Famed Librettist Dies

HOLLYWOOD (AP)—Frank Mandel, 74, who wrote the libretto for such stage hits as "New Moon" and "The Desert Song," died Sunday. He also wrote the book for "No, No, Nanette."

## 'Egghead' Is Defined

WASHINGTON (AP)—Adlai Stevenson, speaking before a conference of Democratic women, offered a new definition of an egghead: It is "one who calls Marilyn Monroe Mrs. Arthur Miller."

## New Curiosity Aroused about the Moon

With all the talk about getting ready for trips to the moon in the not too distant future, the question naturally arises as to how much most people actually know about the moon. The answer is that nearly everybody has little knowledge on this subject.

However talks which seem on the increase about visits to the moon, probably mean that Americans will rapidly seek more information and education on this subject. They have a habit of doing this when occasion arises for knowledge on a subject of increasing interest to them.

It was only about a half century ago when the renowned Albert Einstein began offering his theories to humanity relative to a new principle of basic energy in the universe. It was only 40 years later when our government announced the dropping of the first atomic bomb on a Japanese city during war. Few knew what such a bomb was but within a year or two thereafter people from school children to older generations were talking atomic energy and what it could mean to the future.

People of this earth, removed nearly a quarter of a million miles from the moon are showing more and more curiosity about it.

Looking out at the vast plain of space around us the moon seems close. It also seems friendly. It is our earth's only companion in the long, annual journey around the sun, and for centuries, men have been cutting their teeth of curiosity on the moon.

In the second century B. C., Hipparchus defined the orbit of the moon, and by the time that Galileo, in the 16th Century, began to feel his way across the tortured face of the moon with the fingers of a telescope, man had accumulated several books of facts and theories about our companion in space.

By the turn into this century, we had finished a complete atlas of the face of the moon, or at least of that part of the face which we can see. Roughly, about 40 per cent of the moon is hidden from man. We have never seen it. One could presume that it is bleak and scarred like the face we have studied. But one could also presume in such an uncertain exploration by the imagination that it is a region of fertility, populated by little green people who grow apples as big as watermelons.

What else do we know of the moon? We feel certain that there is no atmosphere there. We have calculated that there is an enormous range in the temperature, because the moon's face is exposed to 15 days of solar radiation and then to 15 days of darkness. The temperature ranges, we guess, from 117 degrees in sunlight to -261 degrees where the sunlight does not fall.

We know that the craters of the moon are huge, sometimes more than 100 miles in diameter. A crater wall may be more than 20,000 feet high. There is a peak, often several peaks, within a crater. These craters resemble volcanic craters on earth and perhaps they have a similar origin, but we do not know.

Observers have noticed streaks or rays flashing from a number of these craters for many hundreds of miles. Why? How? We do not know. We do not know if anything lives on the moon.

In the spring of 1958, however, it appears most likely that we are about to unravel these and other mysteries which have gnawed on the curiosity of man. Before us, and more especially before our children, the moon hangs brightly as the first port of call for man in outer space, and beyond the moon lies the magnificent prospect of man exploring the vast, twinkling universe.

## Many Heart Attacks Unknown

NEW YORK (AP)—Things a colonist might never know if he didn't open his mail:

That many people have heart attacks without knowing it and survive. A recent study of 5,000 autopsies in Michigan disclosed 175 such cases. Their average age at death was 71, or longer than the usual life span.

That a government study on the life expectancy of household appliances found that a new refrigerator or electric range lasts an average of 15 years, a new washing machine 9 to 10 years.

That Harry S. Truman was the first U.S. President to travel by

submarine. That about 75 per cent of your body muscles is water. In my case the figure is about 95 per cent.

That the big-bosom boom may be receding. Candy Jones Conover, who books many of the lovelies for TV commercials, says most ad agencies no longer want girls who breast the tape at more than 34 to 35 inches.

That if you are lazy, you need to be reminded of what Richard Brathwaite, 17th century English author, said about sloth: "It maketh of men, women; of women, beasts; and of beasts,

monsters."

That the expression "goodbye" is a contraction of the old farewell wish, "God be with you."

That a baby has more taste buds in its mouth than a grown-up. Maybe that explains why it can eat spinach and smile.

That auto tires underinflated just five pounds can run up your gas bills nearly 3 per cent on a long trip.

That one Detroit firm now makes an all-purpose station wagon that can be used as a family car, an ambulance, or a hearse. Sounds like the perfect vehicle for Sunday driving.

By Hal Boyle

## A Look at the Money Power

It is an old story in the United States that the power over the flow of money tends to become concentrated. Wall Street has become the symbol of such a concentration because Wall Street is the money market of the country.

Usually, it is spoken of as the stock market, but a share of stock is nothing more than a receipt for money, negotiable and exchangeable and having fluctuation value because it can be sold for money.

Populistic and other agrarian movements, throughout American history, have been aimed at the money power and there have been innumerable congressional investigations, one of the most significant being the Pujo Committee (1912-13) which directly attacked the money trust.

Laws have been set up to control private power over the money of the nation and its uses in the market for the distribution of money into new and expanding industry and commerce.

For this purpose, the SEC was organized and controls were set up with the object of policing the flow of money from the public into enterprises.

There are only two places where large reservoirs of money exist, namely, in the government, either by the accumulation of taxes, or among the people's savings wherever deposited. The SEC has neither the money for the personnel to do an adequate job of policing the use of money in stock transactions.

It is now up against a larger and more concentrated money power than J. P. Morgan ever knew, and it lacks the facilities, to say nothing of the will, to do the job.

The very able writer on financial matters, Leslie Gould, has often called attention to the failures and faults of the SEC and whereas his facts are always correct, I am not sure that blaming the SEC adequately covers the problem.

First, the law is inadequate;

secondly, SEC should either be an administrative or a judicial body and not both as it is now; thirdly, the pay of commissioners should be high enough to attract personnel who will not eventually have to seek positions in the areas of financial activity over which SEC has control.

It is not true that men are corrupt when a government, which wastes billions on Fijis and Hot-tentots, allows \$12 a day for traveling expenses and then brands a man a crook who accepts hospitality.

It is impossible to get a room in a large city hotel for a man, to say nothing of his wife, for \$12 a day. Then there is food, transportation and other incidental expense.

It is ridiculous to give a man a high-sounding title and a big room with a big desk and all the trappings of authority and then provide him with a traveling allowance that does not conform to his position or work, and require him to travel as part of his work.

So, he accepts hospitality and falls under obligations. So, he figures that he had better look around for the day when he can afford to do something for his family.

It is mundane considerations of this type, rather than crookedness that keep all our government administrative bodies inadequately organized and poorly manned.

The money trust, unorganized but brought together by cooperative processes, by interlocking directorates, by lawyers, accountants, fixers, and so-called policy advisers, rarely is constructive.

The object is to take control of enterprises which abler men built. The men in the money trust direct the flow of credit the flow of credit where they choose; they withhold it, in various manners, from those who will not let them in.

They need not combine in restraint of trade. That is an old

By George Sokolsky

fashioned device which means nothing. All they do is to make money accessible to those enterprises they favor; to withhold credit or make credit difficult for those who displease them. They serve on boards and committees and they control.

In the end, they can take over and the more successful the enterprise, the more ready they are to take over.

This needs congressional investigation and judicial process. This has not happened in recent years in a single instance, no matter how startling.

Certainly, the Montgomery Ward and the various Silberstein take-overs were as startling as any this country has even known.

Until such investigations are made fully and constructively, the money trust will continue to concentrate power for the abuse of the free enterprise system.

## Diet and Health

By HERMAN N. BUNDESEN, M.D.

THAT game of "Cops and Robbers" or "Cowboys and Indians" your youngster enjoys playing may mean a lot more to him than merely a way of enjoying himself and expending some of that boundless energy of childhood.

It might have deep psychological significance in his development as a normal, happily-adjusted person.

**Most Have Fears**  
Almost all children have fears of one kind or another. Fear of darkness, of being hurt, of new situations, of strangers, even fear of being separated from their parents, are fairly common among children.

We doctors know that very often youngsters resort to games to play out their usual fears. In acting them out during a game, children may begin to feel more secure, more adequate. They learn to subdue the forces which "threaten" them.

**Therapeutic Way**  
Play, therefore, actually is a therapeutic way of fighting childhood fears.

Watch your youngster at play with other children and alone. It is a valuable means of expression for him and you may learn a great deal about his emotions.

Very often parents unintentionally instill their own fears in their young children. If a mother is frightened by thunder and lightning, for example, her children may be afraid of them, too.

## Collinwood School Tragedy Recalled

CLEVELAND (AP) — Memories of the Collinwood School fire which took 174 lives a half century ago were recalled today by the death of Fritz Hirter, who was custodian at the school.

Hirter died Saturday night at 96. His funeral will be Wednesday.

When the fire swept the Lakeview school in Collinwood on March 4, 1908, Hirter lost three of his own children — Walter, 14, Helen 13, and Eda, 8. Two teachers and 172 pupils were suffocated or burned to death. Bodies were piled up in front of the jammed exits.

## Alliance Physician Admits Tax Guilt

CLEVELAND (AP) — An Alliance physician has pleaded guilty in federal court to evading \$48,500 in income taxes for the years 1949, 1950 and 1951.

Pending a probation report, Judge James C. Connell delayed sentencing Dr. Eugene R. Bendetto, 45, on charges he had listed income for tax purposes as \$5,000, \$9,000 and \$10,000 in the three years when his actual income was \$51,000, \$32,000 and \$60,000.

For tax payment shortages since 1946, Dr. Bendetto has paid the government about \$90,000 since he was charged on Dec. 16, 1955.

## Private Water Deal Disallowed

COLUMBUS (AP)—Atty. Gen. William Saxbe has turned down a proposal that county commissioners permit construction of a private dam in Marion County to impound water for sale.

Saxbe's informal opinion to Marion County Prosecutor Robert O. Stout said county commissioners cannot grant a private water company the right to build a dam or reservoir on a "living stream" and take water from the stream to be furnished to customers.

This sustained Stout's earlier finding that commissioners lack authority to grant the request of the Marion Water Co. The firm

had proposed to build a dam on the Little Scioto river.

## Motherhood Triumphs

RICHMOND, Va. (AP) — Girl, a stray dog, walked into Mrs. Carol Williams back yard and gave birth to 10 puppies. When news of the blessed event got around the neighborhood one of Girl's great secrets was revealed. Several persons were feeding her regularly when she paid daily calls and each thought she was the dog's sole source of food. All had wondered why sometimes she wasn't hungry.

## O'Neill Plans Trip To Washington

COLUMBUS (AP) — Gov. C. William O'Neill will fly to Washington Wednesday to discuss effect of the new federal highway act on Ohio with Sen. John W. Bricker and Ohio Congressmen.

Charles M. Noble, Ohio highway chief, will accompany the governor for the dinner meeting.

On Friday, O'Neill will meet at the executive mansion with his Commission on Civil Rights headed by Charles Lazarus.

# Many Areas Of Nation Feel No Recession

'Business as Usual'  
Is Reported Outside  
Heavy Industry Spots

By SAM DAWSON  
NEW YORK (AP)—The present industrial slump has had many names — an inventory recession, a capital goods recession, an industrial readjustment. But in large sections of the nation today it goes by the name of "no recession."  
The regional nature of the slump and the fact that some industries and most services have been affected very little if at all becomes more apparent with each new set of figures released in Washington.  
The over-all industrial slow-down is serious and none tries to minimize that. But many sections today report business as usual and wonder what all the shouting is about.  
For just one example, most of the southwestern one-fourth of the nation is enjoying general good times.  
Parts of this vast area — especially those where the aircraft industry concentrates — had their own private recession almost a year ago when the Congress was almost as avid about economizing as it now appears to be about spending. But much of this has disappeared today.  
Other sections had their private recession over recent years when drought was taking a heavy toll. But abundant rains have reversed that picture.  
Areas that produce lumber and other home building materials had a rough time when housing construction dipped, but hope now for better days ahead because of the new piles of cheaper money in the banks.  
And although this southwestern quarter of the nation now stoutly maintains that for most citizens times are good and seem likely to stay that way, people ask just how bad the slump is elsewhere and what signs it shows of spreading.  
And in all sections of this varied land two phenomena of this recession are shared. One is the falloff in new car sales and to some extent in the larger household appliances. The other is the high cost of living.  
There is more pain in the factory towns where jobs have disappeared or paychecks shrunk.  
Communities depending on other things than concentrated heavy industry may be feeling this recession little so far. But the price boosts that may have got their start in the factory towns are hitting pocketbooks everywhere.

## Car Kills Youngster

TROY (AP)—Fifteen-month-old Sandra Young climbed on the front bumper of a parked car and was killed Monday when she fell under the wheels. The driver said he did not see her when he put the car in motion.  
Modern recipes suggest beating sugar into egg white — rather than folding it in when making a meringue because the beating makes the meringue more stable than the folding method.

People . . . Places . . . and Things

## Round about Fayette County

By B. E. KELLEY  
Still I hear little stories about one of the most skilled, old time blacksmiths who ever swung a hammer in Fayette County — Dutch Pete Handrich, who had a shop on the site of Red's Drive-Inn on the Chillicothe Rd., just beyond the city limits.

Dutch Pete was a typical German who had come to this country at an early age, and started blacksmithing while a very young man. He died 45 years ago after many years of smithing in the community.

The story is told that one day one of Pete's sows escaped from a pen and got upon a neighbor's land. When he went to drive the sow back, Pete explained to the neighbor how the sow had escaped her pen. He said:

"Him crawled under, mit come through."

Further proof of the old saying that "you must take a Dutchman as he means and an Irishman as he says" is found in the two additional quotations from Dutch Pete.

When a man he had called in to plaster a hole in the wall of his home asked what made the hole in the plastering, Dutch Pete said:

"Our old she cat him got in there and had kittens, so me cut hole to get she out".

Following a tornado which whip-

ped through this area one night in 1914 or 1915, Dutch Pete's attention was called to a large building on the George Baker premises on the opposite side of the road, which had been twisted half-way around on its foundation.

Calling his son, Louie, to look at the unusual spectacle, Dutch Pete said:

"Louie! Louie! Look queek! Good no more—no 'count again!'"

### MOVING THE EARTH

For the past two weeks I have noticed a great many truckloads of earth being moved to fill in around new houses, to make lawns and gardens and to fill in prospective sites for new houses.

By moving big truckloads of clay and other soil for making fills, it is possible to lift premises above the lower ground and make the surroundings much more attractive and desirable.

I noticed that in the new addition south of Leesburg Ave. and west of the Country Club grounds, some of the early property owners had obtained a good stand of grass on their lawns and that fills at higher grade on adjacent properties made it necessary to again fill in the lawns to be on a level with the others fronting on Leesburg Ave.

A surprisingly large area within the city limits has been filled

in during a long period of years; thus eliminating much low, wet ground and providing building sites where no buildings could have been erected if fills had not been made.

### HAS OLD TYPEWRITER

Police Chief Lester J. Estle, of Jeffersonville recently purchased a typewriter table, and old-type Smith-Premier typewriter from Ben Flax, and has the table and typewriter in the mayor's office and Council Room in the Jefferson Hall.

Chief Estle is much interested in the old typewriter which has an underslung carriage with type bars striking the platen from the under side.

The typebars are set in a circle somewhat similar to the old Williams and one or two other early makes of typewriters.

It is the oldest Smith-Premier typewriter I have seen in many years, and the 1½ inch ribbon in it is one of the interesting features.

### LARGEST CATALPA TREE

The largest catalpa tree I have ever seen in Fayette County stands along Wildwood Rd. on the premises of Mr. and Mrs. Edgar Coll.

The tree was set out when very small by Mrs. Coll and is now some 30 inches in diameter

The Record-Herald Tuesday, Apr. 22, 1958 5  
Washington C. H. Ohio

near the ground. It has a number of sizeable branches.

The catalpa (pronounced ka-TAL-pa) tree is a member of the trumpet creeper family, and nearly every year the trees bear clusters of creamy white flowers, which usually appear late in May or in early June.

### EARLY PLANTING

Judging from statements made by a number of farmers in the community, there will be much early corn planting this spring, because the early-planted corn made the best crop last year. Some of the planted variety, caught by dry weather, failed to mature properly.

Wet weather last year prevented many farmers from planting their corn for three weeks or more after the normal planting time, and the results were very unsatisfactory generally.

It will not surprise me if the first planting in Fayette County is not done this week, providing the weather is favorable, and that a very large amount of it will be finished the following week—again

depending upon the weather.

I know of two or three oldtimers who were usually a week or two ahead of the others in planting their corn, and it was rarely they had to plant a second time. On the other hand they invariably had a good crop as the corn matured before any ordinary drought could affect it.

### Death Toll Up to 6

CANTON (AP)—The death toll of an auto collision near here mounted to six Monday with the death of Mrs. Sandra Smith, 19. Her husband, Thomas, 24, was one of five men killed in the collision Saturday night.

## Northeast Central Region of AAUW To Hold 15th Biennial Conference

Approximately 1,000 women from the five states of Illinois, Indiana, Michigan, Ohio and Wisconsin, will assemble in Cincinnati on Friday and Saturday for the 15th biennial conference of the Northeast Central Region of the American Association of University Women. This was announced at the last meeting of the Washington C. H. branch by the president, Mrs. Colin Campbell.

Headline speakers at the conference will include Dr. Dorothy Robins, the AAUW associate in international relations; Dr. Morris Janowitz, a professor of sociology at the University of Michigan; and Dr. Francis H. Horn, distinguished professor of high education at Southern Illinois University.

Another program feature will be the workshop sessions dealing with AAUW fields of interest, namely: education, international relations, social and economic issues, status of women, legislation, the arts, fellowships, membership and leadership development.

Current association developments

Sunnyside Willing Workers meets with Mrs. Wayne Boswell, 908 S. Fayette St., 7:30 p. m.

will be discussed by a panel of national committee members: Dr. Eunice Roberts, chairman of the committee of standards and recognition; Dr. Ethel Barber, chairman of the committee on fellow-ship funds; and Mrs. Warner J. Geiger, a member of the National building fund raising committee.

Each state will conduct a separate convention on Saturday morning for the purpose of electing officers and transacting other business. Miss Flora Flint of Akron, president of the Ohio Division, will preside over the Ohio convention which will be attended by delegates from the 65 Ohio branches.

Delegates from the Washington C. H. branch will be Mrs. Campbell and Mrs. Jane McCoy Gardner.

The AAUW is a national organization having over 142,000 members in 1,394 local branches in every state, as well as in the District of Columbia, Alaska, Hawaii and Guam. Through its history, the AAUW has continued to work for higher standards in education and for more effective and intelligent participation of college women in the processes of democracy.

## Mrs. Hackemeyer Hostess to Sorority Chapter

Three candlelight ceremonies highlighted the Monday night meeting of Ohio Zeta Upsilon Chapter of Beta Sigma Phi Sorority held in the home of Mrs. Robert Hackemeyer.

The ceremonies, which were conducted by Mrs. Harry Fiechthorn, president, and Mrs. Rodney Sheline, vice president, included the "Ritual of Jewels" for Mrs. Joseph McMillen; initiation of two new pledges, Mrs. Floyd Hoppes and Mrs. Maynard Hoppes; and the affirmation ceremony for Mrs. Norman Dale Trout and Mrs. David Deppner, who have been members of the sorority for one year.

The opening ritual was led by Mrs. Fiechthorn, after which the secretary's and treasurer's reports were given by Mrs. William Lawler and Mrs. Hackemeyer.

During the business session, plans were made for the Founders' Day dinner. This will be a combined affair with Xi Beta Psi Chapter.

Reservations were turned in for the Beta Sigma Phi Convention which will be held in Cincinnati on May 16-18.

Mrs. McMullen and Mrs. Hackemeyer volunteered to serve at the FOPA dances which are held every Saturday for teenagers.

Gifts for Mother's Day were displayed.

Mrs. Lawler presented the cultural program, using as her topic "Art of Life - The Beautiful". She stated that "beauty can belong to things only by being contributed to them by some living soul."

The five components given by Mrs. Lawler were: (1) spiritual grace; (2) imagination - "creative"; (3) individuality; (4) showing variety or change as well as movement; and (5) should be based on life.

Mrs. Lawler distributed various pictures illustrating these five components.

A dessert course was served by Mrs. Hackemeyer, assisted by Mrs. Sheline and Mrs. Eugene Alkire.

To serve steamed clams, remove from cooking kettle to a hot platter and cover with napkins to keep hot.

## Social Happenings

## Kellys Plan to Celebrate 50th Anniversary Sunday

Mr. and Mrs. E. C. Kelly

Mr. and Mrs. E. C. Kelly will celebrate their 50th wedding anniversary with open house in their home in Bloomington from 2 to 5 p. m. Sunday.

Mrs. Kelly is the former Eva Foster of Bloomington.

They were married in the parsonage of the Bloomington Presbyterian Church by the Rev. D. E. Thompson on April 30, 1908.

Mr. and Mrs. Kelly have six children. They are Mrs. Nina Elliott, Bloomington; Mrs. Alice Howson, London; Mrs. Virginia Pitzer, Jeffersonville; Mr. Kenneth Kelly, Mr. Maurice Kelly and Mr. Foster Kelly, all of Washington C. H.

They also have 19 grandchildren and 10 great grandchildren.

Mr. Kelly retired from farming in 1948, after having spent most of this time in and near Fayette County.

### Personals

Mr. and Mrs. R. L. Vance of 726 W. Elm St. and Mr. and Mrs. Dewey Bumgarner of 527 Leesburg Ave., have returned from Detroit where they visited Mr. and Mrs. Ray Vance. They also visited Mr. and Mrs. J. P. Tison and children, Karl, Karen and Chris, at Rochester, Mich.

Mr. and Mrs. Homer H. Dillon and children, Joan and Tommie, of Huntington, W. Va., have been house guests the past three days at the home of Mr. and Mrs. Kenneth A. Arnold. Mr. Dillon is Mrs. Arnold's brother. On Sunday Mr. and Mrs. Roxy Hedges and sons, Jimmie and Jeffie, joined them for dinner. Mrs. Hedges is a sister of Mrs. Arnold and Mr. Dillon.

Mr. and Mrs. Clarence Daley, 311 N. Main St., were Tuesday visitors in Cincinnati. They attended the Home Show and Exposition at the Cincinnati Gardens.

Mr. and Mrs. Herbert Parks and son, Herbie, of Springfield, were Monday evening guests of Mrs. Charles Briggs and son, Marlyn, of Jeffersonville.

Miss Dorothy Anne Jones, 324 Broadway, was the weekend guest of Mr. and Mrs. Rufus D. Short Sr., in their new home in Upper Arlington.

## DANCE CORSAGES

## More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. PASTERTH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, goopy, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get PASTERTH today at any drug counter.

## National Society, DAR, Holds 67th Continental Congress

Miss Louise Fultz, regent, and Miss Helen Fultz, delegate, from the William Horney Chapter, Daughters of the American Revolution, of Jeffersonville, and Mrs. Ernest Chaney and Mrs. Harry Parrett, delegates from the Washington C. H. chapter, have returned from the 67th Continental Congress of the National Society, Daughters of the American Revolution, which they attended in Washington, D. C., April 14-18 for which, 2,731 Daughters registered.

The five-day congress began officially at 8:30 p. m. Monday with the unfurling of a huge flag from the ceiling of Constitution Hall, and a procession of white gowned pages marched down the center aisle carrying the DAR colors and state flags.

Mrs. Frederick A. Groves, president general, presided at all the meetings. Her opening address was devoted to the theme of the congress, "The Fruits of Freedom." Mrs. Groves declared that the freedoms which have always been taken for granted "are now subject to proof," warning that "Russia's very successful propaganda has frightened us into a temporary state of defeatism," the delegates from here said.

President Eisenhower, who could not accept the DAR invitation because of a previous commitment, sent a message which was read by Mrs. Groves.

The president congratulated the DAR for its role in "preserving our exalted past" and extended best wishes "as they (DAR members) continue to add to the growing traditions of our beloved country."

Honorable Gordon H. Scherer, a member of the U. S. House of Representatives from Ohio, concluded the Monday night's program. He was frequently applauded, the delegates said, as he warned that "so few understand that subversion and not military might is Soviet Russia's principal weapon" and that "corrective postal legislation is needed to halt Communism's newest means of subversion propagandizing through the mails."

Tuesday afternoon the group toured the White House from 2 to 3:30 p. m. Tuesday evening was "National Defense Evening." Dr. Clarence Manion, author, lecturer and former dean of the college of law at Notre Dame University, delivered the major address on the "Liquidation of Liberty." He commended the DAR on its stand in the support of the Bricker amendment.

Awards were presented to Universal National Pictures for the best children's picture, "Escapade in Japan," and to the Walt Disney Productions for the best patriotic film, "Johnny Tremaine."

The congress voted to discontinue the committee on community service, keeping only its work in occupational therapy.

Outstanding musical selections for the congress were presented by the U. S. Marine Corps Band, U. S. Army Band, and the U. S. Navy Band.

## ART HD Club Elects Officers

Mrs. Ray Mershon was named the new president of the ART Home Demonstration Club when that organization met in the home of Mrs. Lloyd Sowders Friday night.

Other officers elected were Mrs. William Peacock, vice president; Mrs. Orpha Willis, secretary; Mrs. Charles Jenkins, treasurer; and Mrs. Harvey Graves, reporter.

Mrs. Wayne Boswell, outgoing

president, opened the meeting with devotions.

Mrs. Norma Cunningham, Fayette County home economics agent spoke on "House Cleaning Made Easier."

It was decided by the members to tour the Hocking Glass Co. in Lancaster on May 1. A luncheon was served by Mrs. Sowders to the nine members present.

IT'S EASY TO PLACE A WANT AD.

## Gay Notes Club To Meet Friday

The Gay Notes Music Club, composed of boys and girls and sponsored by the Cecilians, will meet in the home of Mrs. Walter Coll, 910 Millwood Ave., for its regular meeting at 4 p. m. Friday.

## CLARK FOR CONGRESS

(Pol. Adv.)

## Fayette Grange Plans Program

A health program to be presented by two 4-H Clubs will be the feature of the meeting of Fayette Grange Thursday.

Mr. and Mrs. Cliff Hughes are chairmen of the evening's activities which include a potluck supper, beginning at 6:30 p. m.

A health program will be presented at 8 p. m. by the Wilson Country Sisters and the Wilson Wonders 4-H club.

After the 4-Hers' program, a business meeting will be held.

Adapt your frosting to the cake by considering richness and texture as well as flavor and color.

## 4-H Club Activities

### LUCKY SEVEN HORSE AND PONY CLUB

The Lucky 7 Horse and Pony Club met at the home of Marlene Roddy Wednesday.

Project books were handed out by the leader, Mr. Owen Price. The group viewed Marlene's pony projects before dusk.

Minutes of the last meeting were read and approved. A discussion was held regarding the club's projects. The by-laws and program were drawn up.

Games were enjoyed under the direction of the recreation leader, Carol Sue Spears. The meeting was adjourned and refreshments were served.

The next meeting is to be held April 30 at Becky Slaughter's home. Phillip Price

### SHOCK RESISTERS

Roger Stevenson brought the recent meeting to order. Minutes of the last meeting were read by Eddie Highfield. The roll was called.

Suggestions were heard for taking trips to interesting places, and some of the suggestions were made into motions and voted upon.

The first year boys worked on their project, called "the test lamp."

Refreshments were served about 9 p. m.

Eddie Highfield, Mike Whiteside, Neil Morse and Tom Barnes were picked to make up a new refreshments committee.

April 23 is the date for the next meeting, in the Farm Bureau auditorium.

### JASPER TOP-NOTCHERS

The third meeting of the Jasper Top-Notchers was held at the Milleville School. The meeting was opened by Ruth Ann Sheeley leading the 4-H Pledge. The secretary's report was given and approved. The roll was called and a treasurer's report given.

Main business of the meeting was finding out how many of the officers could go to the Officer's and Advisors' Conference. The enrollment sheet was filled out next.

### JEFFETTES 4-H

The regular meeting of the Jeffettes 4-H Club was held Monday April 14.

A novel feature of this meeting was that proceedings were opened by Rosalie Butcher, who served refreshments.

Jean Owens, recreation leader, led the group in games outdoors on the lawn.

During the business meeting, which was also held outdoors, there was a discussion on where the club should go on its tour. Dues

were changed from 10 cents to 5 cents per meeting. After the short meeting, the group adjourned to the house to work on its sewing projects.

The next meeting will be held April 28, at Mrs. Ritenour's home. Betty Jo Mitchell

### JEFF MIX AND MAKERS

Twelve members answered the roll call along with a new member, Grace Brill.

Janet Hare gave a safety report on accidents. Sharon Bentley explained how to measure for a dress. Diane Houseman gave a report on different kinds of materials.

Gary Sue Bock led the members in the 4-H Pledge.

The advisor announced that the Junior Good Grooming Clinic will be held Wednesday at the Bloomingburg High School auditorium.

The club is going to have a tea for its mothers Sunday, May 4.

April 29 will be the date for the next meeting. The time will be 1:30 p. m. until 9:30 p. m. at Sharon Bentley's home.

After adjournment of the meeting, Blanche Crabtree served refreshments.

### Youth Club Activities

STARLIGHT BLUE BIRDS

A hike from Cherry Hill School to Community Park was made by the Starlight Blue Birds Thursday.

The leader, Mrs. Harold W. Fenton, and a group sponsor, Mrs. Howard Wagoner, accompanied the girls.

At the park, the Pledge to the Flag, Blue Bird Wish and regular business was taken care of. Blue Bird Day Camp for June was discussed, and snapshots of the group were taken. Group play was then enjoyed.

Mrs. Herman Merritt brought the treats for the girls and Linda Merritt distributed them to Judy Campbell, Kathy Climer, Connie Fenton, Dianne Kenk, Shirley Haynes, Marilyn Lynch, Linda Lynch, Sandra Rohde, Linda Sowers, Michele Stemple, Barbara Trenner and Linda Wagoner.

A prospective member, Alice Malone, was welcomed by the group and Diane Wagoner was a guest.

After marching back to the school, the group was dismissed.

The West Indian island of Trinidad was originally called "La Trinidad." It was given the name by Columbus, on his third voyage in 1498, for the three hills around the harbor.

## Ground for New Church Is To Be Broken at Jeffersonville Sunday

JEFFERSONVILLE — Ground will be broken Sunday for the first of three new buildings planned by the Church of Christ here, the Rev. Robert Wright, the pastor, announced today.

The ground-breaking will be preceded by a service at 2:30 p. m. on the site of the new church buildings.

The Church of Christ was established in Jeffersonville about two and a half years ago and its members hope to have the house chapel completed for its dedication on August 10, the third anniversary of the founding of the church in the village.

Services have been held in a house at 34 S. Main St., owned by Mr. and Mrs. Alfred Roush, the church's first and only minister said.

Plans for the first building, the Rev. Mr. Wright said, were drawn by Clayton Shull of Wilmington. Plans for the other two buildings have not been started.

The Rev. Mr. Wright said the Jeffersonville Church of Christ now has a membership of 73 and that the congregations for the regular worship services will average around 85.

THE BUILDING fund, the Rev. Mr. Wright said, is still not big enough to meet all the expenses. The money came from contributions by people of the community,

The USS Indiana, commissioned on Nov. 20, 1895, was the first vessel built especially to perform the functions of a battleship in the U. S. Navy.

Plans for the first building, the Rev. Mr. Wright said, were drawn by Clayton Shull of Wilmington. Plans for the other two buildings have not been started.

## PUCO Approves Railroad Changes

COLUMBUS — The Utilities Commission has ordered the Nickel Plate Railroad to install flasher lights within 90 days at the Main Street crossing in New Bavaria, Henry County.

The commission permitted the Chesapeake and Ohio railroad to change its station at Carroll, in Fairfield County, to a non-agency station.

The New York Central railroad was permitted to make its station at Russell's Point in Logan County a non-agency, pre-paid station.

## Bloomington News

By Mrs. Harry Locke

The Town and Country Garden Club will meet at the home of Mrs. Jack Sollars Wednesday. Mrs. Gerald Stephenson will be co-hostess. The program is to be conducted by Mrs. Charles Hughes. Her topic will be "The making and Arranging of Corsages."

### ALUMNI BANQUET

Plans for the Alumni Banquet which is to be held May 29 include a dinner to be served at the Bloomington school cafeteria by members of the Presbyterian Church. Entertainment will follow and a dance will be held in the gymnasium. Mrs. Jack Sollars is president of the association.

### FRIENDSHIP CIRCLE

Mr. and Mrs. Paul Smith will be host and hostess to members of the Friendship Circle Class at their home on West Rd. at 7:30 p. m. Thursday. Assisting with the hospitality will be Mrs. Hazel Oswald, who will present the devotion. Mr. Smith will conduct the games and recreation.

### FARM BUREAU COUNCIL

The New Paint Farm Bureau Council held its April meeting at the home of Mr. and Mrs. Robert Milburn, Sedalia Rd. Saturday evening. Mrs. Carl Scott gave the secretary's report.

The discussion leader was Carl Scott, whose topic for the evening centered about the efforts of the safety drive. Mrs. Lewis Redd and Mrs. Carl Scott are to obtain safety stickers to be displayed on tractors and other farm vehicles.

Refreshments were served to Mr. and Mrs. Rex Bloomer, Mr. and Mrs. Carl Scott, Mr. and Mrs. Glen E. Davis and Mr. and Mrs. Lewis Redd.

The May meeting will be at the home of Mr. and Mrs. Rex Bloomer, Danville Rd.

### HL CLUB MEETS

The Bloomington home demonstration club met at the home of Mrs. Willard Bloomer, Devalon Rd. Twelve members were present and roll call was answered by the members giving their favorite household cleaning hint.

Mrs. Floyd Henkleman, president, conducted the business session during which the usual reports were given. New officers were elected as follows: Mrs. Wayne Bloomer, president; Mrs. Fred Oswald, vice president; Mrs. Irene Gibaut, secretary-treasurer; Miss Florence Purcell, news reporter.

Mrs. Norma Cunningham, home economics extension agent, conducted the program which consisted

of round table discussion of household cleaning hints for spring.

Refreshments were served by the hostess, Mrs. Bloomer, assisted by Mrs. Lela Warner and Mrs. Mary Vincent.

On Thursday there will be an all-day meeting at the Township House. Members are asked to bring a sack lunch.

The project for the day is how to refinish and redecorate furniture.

### WCS MEETS

Mrs. Don Thornton was hostess to the members of the WCS Friday afternoon in her home on Lewin Rd.

Mrs. Gordon Lynch presented the devotion which consisted of group singing of favorite hymns, Scripture reading and prayer.

Mrs. Mary Haines presided over the business meeting. Mrs. Roy Pfeiffer read the secretary's report and Mrs. Olive Swope gave the treasurer's report.

The program was under the direction of Mrs. Jerry Nessell, and Mrs. Gordon Lynch on the subject, "March of Youth", which was in connection with the MYF of which Mrs. Lynch is counselor. A reading entitled "You Have A Follower", was presented, and the MYF prayer repeated.

Refreshments were served by the hostess, Mrs. Thornton. Co-hostesses were Mrs. Omer Rapp and Mrs. Bessie McLain. There were 22 members in attendance.

### PERSONALS

Mr. and Mrs. Harold Wilhelm and children, Sacha Sue and Howe, Fairborn, were the Sunday dinner guests of Mrs. Kathryn Foster, Lincoln St.

Mr. and Mrs. Jerry Cory, of Rockford, were the weekend guests of Mrs. Alice Cory, Lincoln St., and Mrs. Grace Iden, Devalon Rd.

Mrs. H. K. Johnson and daughter, Kimberly, Washington C. H., were the Sunday dinner guests of Mrs. Eloise Johnson and son, David.

Mrs. Clarence Creeth, of Mt. Sterling, was the weekend guest of Mr. and Mrs. Robert Jefferson, Sedalia Rd.

Mr. and Mrs. Gale Hamilton, Mr. John Hestor and Mr. Charles Hestor, all of Columbus, were Sunday afternoon visitors at the home of Mr. and Mrs. H. E. Andrews, Lincoln St.

Mr. and Mrs. Lewis Redd, and children, Colette, Richard and Allen, went to Milledgeville Sunday where they visited with Mrs. Redd's parents, Mr. and Mrs. Harry Allen.

## On-Job Fatalities Reported Declining

COLUMBUS — Ohio's death toll from on-the-job injuries has been cut in half during the last 10 years, Ralph Klapp, chairman of the Industrial Commission of Ohio, said today.

"But we still have a long way to go," he told the opening session of the 28th annual All-Ohio Safety Congress and Exhibit.

"Latest statistics show about 200 Ohio industrial fatalities per year. As long as one man dies on the job, that's one too many."

More than 3,000 delegates have registered for the meeting.

## Applications for Relief Show 50 Per Cent Gain

Calls for general relief from the Fayette County Department of Welfare, known to most people as the "county relief office," in the Courthouse here, rose nearly 50 per cent during the first three months of 1958 over the comparable period a year ago.

The records of the office, in which Mrs. Beryl Cockerill is director, with Miss Margaret Smith as clerk-assistant, disclose that during January, February and March of this year 391 cases involving 855 persons were on the relief rolls who received aid to a total amount of \$16,937.95. This comes from taxes.

For the same months last year 333 cases involved 703 persons with

relief costs amounting to \$11,456.88.

**FOR THIS PERIOD** Fayette County may be somewhat below the average in other comparable counties in the state, it was stated.

However, Mrs. Cockerill pointed out that a considerable amount of money for clothing was paid out here from the Eyman Fund, from some of this fund's allotment to her office, and some from the county commissioners' share.

This does not come from taxes and has helped in holding down relief costs from tax money. It kept quite a number of families off the relief roll, Mrs. Cockerill says.

In addition the Fayette County Health Department has been able to obtain funds for dental care for a number of people seeking relief, which has not been charged to the county Welfare Department.

The money given out through the Welfare Department covers food, fuel and medical aid. It does not provide funds for housing (rent) except in cases of extreme emergency or eviction of a family from its place of residence.

**THE DEPARTMENT'S** reports show that the number of cases last year for the first three months were as follows: January, 100 cases involving 238 people costing \$3,591.86.

February had 114 cases, affecting 276 persons, at a cost of \$3,338.58.

March has a total of 119 cases involving 189 persons with a relief cost of \$4,476.34.

For this year the department relief costs in January were \$5,516.33 involving 120 cases and 282 persons.

For February there were 132 cases affecting 282 people costing \$6,372.98.

In March this year there were 139 cases, with 291 persons involved, costing \$5,048.64.

**THE GENERAL** relief fund out of which this money is paid is under state supervision and receives both state and county tax funds. Mrs. Cockerill, acting as general relief officer has discretion as to payments and control over payment of this money and for what purposes.

It was stated at the relief offices

By punching holes in precisely the right places, machines like this figure and print your bill accurate to the penny.

Those little holes in your utility bill identify your account and show the quantity and cost of service you've used. Specially trained DP&L employees operate modern accounting machines which punch these holes into billing cards from information provided by the meter readers. Electronic machines "read" the holes and do the figuring, while others print the information on your bill. These machines save many hours of tedious work and keep your bill accurate to the penny.

Another good example of the way DP&L employs the most modern methods and equipment to keep utility rates low and service high in the face of rising costs.

## Cubs Hoping For Feast in Promised Land

Chicagoans Awaiting Chance To Grow Fat In L.A. Coliseum

BY THE ASSOCIATED PRESS  
The Chicago Cubs, on their usual fast spring run, lead the National League into the promised land that lies behind the short screen in the Los Angeles Coliseum tonight.

Thus far, three games have been played in the Punch Bowl with the Los Angeles Dodgers and San Francisco Giants producing an average of four homers a game. Eight of the 12 have fallen behind the 42-foot-high, 140-foot-long screen jokingly referred to as a barrier.

Now come the other six clubs, the outsiders, to have at it with Ernie Banks, the Cubs' right-handed power man, all warmed up after hitting his first two home runs of the season over the week-end in Chicago.

As a lull before the storm, the only game played Monday night in the National League was homeless. The Cincinnati Redlegs beat Philadelphia 4-2 in a rain-interrupted 14 innings.

A walk and singles by Don Hoak and pinchhitter Bob Thurman broke up a 2-2 tie for the Redlegs in the 14th and they added a cushion run on a pair of errors by Philly shortstop Roy Smalley.

The Chicago White Sox may have the best pitching in the American League with a staff that has seven starters, but what Manager Al Lopez could use at the moment is a starter who can finish.

The staff that led the AL in complete games with 59 last season, behind Jilly Pierce (16), Dick Donovan (15) and Jim Wilson (12), and picked up strong-armed Early Wynn over the winter, has not been able to get a complete game in six starts this season. Pierce, Donovan, Wilson, Wynn and young Bill Fischer all have tried.

What's worse, they've won only two of the six with a whopping 5.01 earned run average that has cost them three of four games decided by one run.

Donovan blew a four-hit shutout in the last two innings for a 2-1 Detroit victory Monday.

The New York Yankees won their fifth straight, defeating Boston 4-1. Kansas City, in second place 1½ games back of the Yanks, collected eight runs on two hits in the eighth and beat Cleveland 9-4.

The Red Sox lost their fourth straight, although getting 10 hits and six walks. Don Larsen, who hit a two-run homer in the second off loser Willard Nixon, won his second. Ted Williams, who singled for his first hit in 10 at-bats this season in the fifth, hit his 45th home run in the seventh off Bob Grim. Wiley Ford wrapped it up with clutch relief.

Five walks, a single and Frank House's grand-slam homer gave the A's their big eighth against rookie Jim (Mudcat) Grant and losing reliever Steve Ridzik.

## WCH Amateur Team Sets Practice Game

The Washington C. H. Athletics in the Heart of Ohio League will be keeping especially busy this week, getting ready for the season opening, which is just two weeks away.

Practice will be held on the Jeffersonville diamond at 5:30 p. m. Thursday and at 2 p. m. Saturday.

An exhibition game will be held at Chillicothe Sunday with the Chillicothe Colts, one of the regular HOL opponents.

The first regular game is scheduled for the following Sunday, with the first home game set for the Sunday after that.

## Net Queen Eyes Television Career

NEW YORK — This may be the last year of big-time tennis for Althea Gibson.

Thenceforth if you want to see the gangling Negro net queen, don't go to Forest Hills. Just flip your television dial.

Althea is booked for a singing appearance on the Ed Sullivan Show May 25, shortly before she takes off for England to defend her Wimbledon crown. She'll make another appearance on the same show July 13.

The TV debut will coincide with release of a new recording, Althea has a deep, throaty voice and specializes in pop numbers.

The north wing of the U.S. Capitol in 1800 was occupied by the Senate, the House of Representatives, the Supreme Court and the Library of Congress. The north wing was only part of the building then completed.

# Past GOP Discords Appear Forgotten in O'Neill Rally

CLEVELAND (AP)—Past discords between the Republican organization of vote heavy Cuyahoga County and Gov. C. William O'Neill appeared to be forgotten Monday night at a pre-primary election rally in Masonic Auditorium attended by some 1,700 persons.

Former U. S. Sen. George H. Bender, who at one time had indicated he might seek the Republican gubernatorial nomination in opposition to O'Neill, spoke of "the good job Billy O'Neill is doing in Columbus."

County GOP Chairman A. L. DeMaioibus told the crowd that the county organization would work for retention of all the party's incumbents "with all the vigor that we have."

O'Neill paid a surprise visit to county Republican headquarters Monday afternoon, his first since his election as governor in November, 1956. It was regarded as a big step by the governor to heal the breach between him and the local organization, although the local GOP has endorsed him for re-election this year.

The breach became serious last year when a no-battle movement was started to replace DeMaioibus with Alvin I. Krenzier, who is O'Neill's personal representative in Cuyahoga County.

O'Neill and U. S. Sen. John W. Bricker, who also is seeking re-election, told the rally that Republicans have taken constructive action to combat recession and unemployment.

The governor said his administration had done much to meet the unemployment and economic situation "by its vast building program in the fields of highways, mental health and other buildings."

He added:

"We have a total of 750 million dollars in building programs under way at the present time, which provide many jobs for our people. . . . In the field of highways to-day there are contracts let in the amount of 390 million dollars."

Declaring that Ohio is embarking on its largest highway building program, the governor said, "This will be the biggest year in Ohio's history."

Turning to mental health program, O'Neill said:

"In addition to building and expanding of facilities, we have added 400 new professional people to our staff and are augmenting our building program with additional professional people so that we can return these mental patients to their community as useful citizens."

His administration of building is being accomplished with a balanced budget and without new taxes, the governor added.

Calling for proper action to halt the recession without causing inflation, Bricker said:

"It is all too easy for those who do not have responsibility for ex-

cising the power of government to clamor that what we need is vigorous action if we are to cure the recession. . . . We remember very clearly that all the fear-raking, make-work spending of the New Deal did not cure unemployment. Under Franklin Roosevelt and the Democrats, unemployment continued until the nation plunged into arming for World War II."

The senator said that action tempered by wisdom has marked the Republican approach to the current recession.

"By the end of last month," he added, "The Eisenhower administration had taken 50 constructive actions to spur real economic revival. . . . At all costs, we must avoid the tragic error of trading a 6 per cent unemployment for a blighting inflation or the terror of war."

The rally was the second in a series of five planned in the campaign for O'Neill's re-election. Others are to be held at Columbus, Toledo and Dayton.

## Court News

### RULING FAVORS SOCIETY

A decision handed down by Probate Judge R. L. Brubaker, Monday afternoon, following a hearing on an answer and cross petition filed by the Fayette County Historical Society in connection with sale of personal property of Miss Elizabeth Johnson to pay claims against her estate, awarded ownership of a historic grandfather's clock, sideboard and tureen to the society.

This was done on the basis of a written statement by Miss Johnson, given outside of her will.

Judge Brubaker held that other articles given to the historical society by the will of Miss Johnson, must be sold with other personal property bequests to meet the

claims against the estate. These include a marble-topped table, oval mirror, and a rosewood parlor set consisting of love seat and six chairs.

The Historical Society which was represented by President George Pensyl and Secretary B. E. Kelley, is to move the three gifts for storage until the Fayette County Museum is opened.

The three historic pieces, it was stated, had been in one of the early Millikan homes on Court St.

# Ag Agency Boosts Payroll

## By 30 Pct. in Last 6 Years

WASHINGTON (AP)—The number of persons employed by the Agriculture Department has increased nearly 30 per cent since 1952.

Latest reports show the average annual employment of the department for 1958 is expected to be 80,888. This compares with the 1952 average of 62,812.

Much of the increase reflects

needs of new programs and expanded operations of old ones. The big soil bank land retirement program, which was started in 1956, will require about 1,170 employees this year. Under this program, nearly one billion dollars will be paid farmers this year for taking cropland out of production of surplus crops.

Intensified crop control programs will require about 385 more workers this year than in 1952. Rigid controls were in effect only on tobacco in 1952, but are in operation this year for wheat, cotton, rice, peanuts as well as tobacco. In addition there are corn allotments this year in contrast to 1952.

New and expanded programs set up since 1952 and their employment requirements include: watershed protection program 1,402; the Great Plains conservation program 262; expansion in research and extension programs 2,586; expansion in U. S. forestry projects and activities 2,608; increased farm price support activities 1,568; new programs for disposal of farm surpluses 1,071; disaster farm loan programs 449; expanded program for eradication of brucellosis among livestock 2,151; expanded services for grading and inspecting farm products 956; transfer of agricultural attaches from the State Department 238; expanded services to farmers under the agricultural conservation program 1,315.

On the other hand, the Rural Electrification Administration — which helps finance rural power and telephone projects — reduced its payroll 144. So did the Farmers Home Administration — lender to low-income farmers — by 150.

# Steubenville Vice Raids Said Illegal

STEUBENVILLE (AP) — Reform Mayor Michael J. Coday's order putting Steubenville police officers on anti-vice patrols has been ruled illegal by City Solicitor Leroy C. Schell.

Schell also took Safety Director Fred G. Owensney to task for not presenting to the April session of the grand jury which met last week, "the information you have" about illegal activities.

The order prepared last week by Owensney and approved by Coday had indicated existence of "narcotic sales and peddlers, prostitution, gambling of all forms, after-hour liquor sales and all types of law violations." Schell's letter to Owensney said.

Teen-age delight: Scoops of ice cream rolled in flaked coconut and served with chocolate sauce. The ice cream flavor may be vanilla, coffee, peppermint or chocolate.

# Fostorian Accused Of Slaying Uncle

FOSTORIA (AP) — York Lindsay Jr., 36, pleaded innocent Monday to a charge of second degree murder in the fatal shooting of his 48-year-old uncle, Hamp Parker Sunday.

Bond was set at \$10,000 and Lindsay is scheduled to appear at a hearing next Monday.

Police said Lindsay approached officers Sunday as they investigated the death of Parker in a street near his home and announced, "I'm the one you're looking for. I shot him."

They quoted Lindsay as saying he fired two shots at Parker following an argument in which Parker ordered him off his property.

Count on cooking 6 ounces of spaghetti if you are planning to sauce it with a can (10 1/2 ounces) of tomato sauce.

## Hospital Here Alert To Infection Dangers

Fayette County Memorial Hospital is taking extra precautionary measures to avoid any outbreak of infection among patients resulting from anti-biotic resistant bacteria, such as has been causing new problems and difficulties for numerous hospitals in this and other countries.

There have been no cases of this nature here, it is reported, but the administrator, hospital officials and medical and surgical staff are alert to the danger and have entered upon a program of special preventive steps to avoid such trouble.

In Ohio alone it is reported that at least 14 hospitals have been having some difficulties with evidence of bacteria which has grown immune to anti-biotic treatments formerly considered as certain deterrents to infection.

Action was taken by the Board of Trustees of Memorial Hospital here at their regular meeting Monday night to fully cooperate and give implementation to recommendations by the hospital's medical and surgical staff program.

**CERTAIN CHANGES** in connection with the surgical operating area are to be made to provide more protection against contacts which might possibly lead to infection.

One of these is to use the present emergency operating room as an extra for regular surgical cases and to make an emergency room out of another room in the same corridor which heretofore was used for other purposes. One regular bedroom used in the past to accommodate two patients will then have to be used for equipment storage facilities.

**FOLLOWING** approval of the March operating report, submitted by the administrator, Miss Christine Evans, the trustees voted to send Miss Jane Jefferson, hospital dietitian, to New York City from June 2 to 6, to attend the Institute on Dietary Department Administration, sponsored by the American Hospital Association.

Edwin Ducey, newly elected president of the board of trustees, pre-

sided for the first time. All members of the board were present.

The operating report for March showed favorable earnings with a total of 282 patients admitted besides 47 infants born during the month for a total of 2,106 regular days of service and 502 outpatients also given service.

The report gave 76 as the largest total number of regular patients in a single day. The lowest for any day was 57.

Major surgical operations for March numbered 52, minor operations 51. There were 3,206 laboratory examinations and 816 X-ray films made.

The hospital laundry turned out 37,901 pounds of work and a total of 8,923 meals were served.

### Fayette Memorial Hospital News

**ADMISSIONS:**  
Mrs. Frank P. Karney, 815 Lincoln Dr., surgical.

Mrs. Florence L. Mabry, Jeffersonville, medical.

Gary D. Smith, son of Mr. and Mrs. George D. Smith, Route 1, surgical.

Carol E. Stage, daughter of Mr. and Mrs. John W. Stage, Mt. Sterling, medical.

**DISMISSALS:**  
Mrs. Stanley Welsh, Bloomington, surgical.

Infant daughter of Mr. and Mrs. William Saxour, Route 1, New Holland, medical.

Mrs. Ralph Coy and son, Route 1, Mt. Sterling.

Mrs. Elmer Smith and daughter, 830 Maple St.

Mrs. Larry E. Schiller and daughter, 437 1/2 Circle Ave.

Mrs. Eva A. Smith, 1022 Briar Ave., medical.

### Blessed Events

Mr. and Mrs. Eubert McDaniel, Route 1, South Solon, are the parents of a 6-pound, 3-ounce daughter, born in Memorial Hospital at 10:40 a. m. Monday.

Mr. and Mrs. Esto Halthcock Sr., 921 John St., announce the birth of an 8-pound, 13-ounce daughter, in Memorial Hospital at 2:56 a. m. Tuesday.

### Junior Grooming Clinic Planned

Plans have been completed for the 4-H Junior Good Grooming Clinic which will be held 7:30 p. m. Wednesday in the Bloomington High School auditorium, according to Phil Grover, associate county agent.

Features of the clinic will be a skit on foods and proper nutrition by the Wilson Country Sisters and Wilson Wonders 4-H clubs. The advisors are Mr. and Mrs. Frank Dill, Mrs. Richard Rankin and Gene Gustin.

Other features of the program include a film "Safety on the Playground", being presented by Fayette County Health Department. There also will be group discussions on personal cleanliness.

The boys will have their discussion leader Everett Rudolph, coach at Bloomington High School. The girls' discussion leader will be Mrs. Barbara Bartling.

The Junior Clinic is for 4-H boys and girls 10 through 12 years of age and follows the Senior Grooming Clinic conducted for older club members one week ago. A crowd in excess of 200 4-H'ers is expected.

### Four Children Treated for Cuts

A cut thumb, a cut eyebrow, a cut hand and a cut leg kept staffers in the Memorial Hospital emergency room busy Monday.

Treated for the hand cut after he got caught in a door was John Hopkins, 3, son of Mr. and Mrs. Maurice G. Hopkins of 517 Warren Ave.

Tommy Meriweather, 4, son of Mr. and Mrs. Charles Meriweather of 218 McKinley Ave., was treated for an eye cut following a home accident.

Treated for a cut thumb was Leo Butcher of Bloomington, who was hit by a auto fan.

Richard Moore, 9, son of Mr. and Mrs. Budd Moore of 738 Washington Ave., was treated for a leg cut after he fell against a fence while playing at Eastside School.

## Wayne Seniors To Give Play

"Bol's and Nuts"  
Is Lively Comedy

By GEORGE GARINGER

The Senior Class of Wayne High School will present its class play, "Bol's and Nuts", at 8 p. m. Thursday and Friday in Wayne Township Hall, Good Hope.

"Things are progressing very satisfactorily," according to Mrs. Lena Grace Pommert, director of the play.

The play is about an elderly lady who has just inherited her late brother's house in which is hidden \$15,000. She decides to turn her home into a mental sanitarium, but his plan backfires because "mental patients" start searching for the money.

When someone really escapes from a nearby mental hospital things start hoppings for sure.

Tickets for the play are on sale at Braden's Lunch Room, Good Hope, until the night of the play and then at the door as long as they are available.

Proceeding the play on Thursday evening the Junior class is serving a ham dinner beginning at 5 p. m.

## 2 WCH Men Address Group At Chillicothe

City Manager James F. Parkinson and B. E. Kelley of the Record-Herald staff, were guest speakers at a dinner meeting of the Brotherhood of Trinity Methodist Church in Chillicothe Monday night.

They had been invited to speak on the charter form of government and, following their addresses, numerous questions were asked. Chillicothe voters on May 6 will accept or reject the charter framed by the commission which was elected last year. Most of the commissioners and other city and county officials were at the meeting.

Kelley told of the inefficiency in Washington C. H. under the old mayor form of government compared with the present city manager form and how the city manager form had lifted the city from the rut without the necessity of an income tax.

Parkinson, speaking from the city manager's point of view, told the audience it had everything to gain and nothing to lose in adopting the charter. He stressed the importance of employing a trained manager to obtain proper results and eliminate the half of one percent income tax in Chillicothe.

Both speakers emphasized that adoption of the charter was one of the most important epochs in Washington C. H. history.

## New Telephone Gimmick OK

COLUMBUS — The Utilities Commission today authorized the Ohio Bell Telephone Co. to start a new service that will give wives an advantage.

Beginning May 1 the company can rent radio receivers about the size of two king-size cigarette packages for \$7.50 a month.

The man carries the transistor receiver in a pocket. When the wife wants to get in touch with him the receiver lets out a beep-beep sound. Then he goes to the nearest telephone and calls home.

The service is being offered only in Columbus initially and will be extended elsewhere if found worthwhile, a telephone company spokesman said.

## Mainly About People

Mr. and Mrs. Larry E. Schiller, 437 1/2 Circle Ave., have chosen the name Deidra Dawn for their new daughter born in Memorial Hospital last Wednesday.

It and Mrs. Thomas Gormley and family, 505 Rawlings St., returned Monday from North Vernon, Ind., where they attended the funeral of Mrs. Gormley's grandfather, Mr. John Kutchback.

Charles Pensyl, proprietor of Pensyl Camera Shop, has returned from a week's session at the Leica Technical Center in New York City.

Mike Domenico, 3, son of Mr. and Mrs. Fred Domenico, 609 Park Dr., has been released from Children's Hospital, Columbus, where he was a patient about a week with a blood infection.

Mrs. Milbourn L. Flee, 913 Briar Ave., is recuperating at her home following surgery performed in Grant Hospital, Columbus.

Local hairdressers who attended the College of Beauty Knowledge at the Southern Hotel in Columbus Sunday and Monday were Mrs. Edna Ankrom, Mrs. Velve Christie, Mrs. Betty Baker, Mrs. Bea Campbell, Mrs. Hazel Lucas, Mrs. Jeanne Huff, Mrs. M'innie Sutterfield, Miss Jeannie Cupp, Mrs. Louise Wilson, Mrs. Doris West, Mrs. Norma Dennis, Mrs. Charlotte Shaw and Mrs. Ernest Chichester all of Washington C. H.; Mrs. Mary Stuckey and Mrs. Mabel Evans, both of Jeffersonville; Mrs. Dorothy Kennison, Greenfield; Mrs. Nadine Tompkins, Sabinia; and Mrs. Bernice Handorf and Mrs. Audrey Turner, Wilmington.

Miss Karen Stephenson, daughter of Mr. and Mrs. Gerald Stephenson, Circleville Rd., was recently proclaimed the winner of second place in the state in a sewing contest sponsored by the Daughters of the American Revolution. Her prize winning dress was on display at the DAR headquarters in Cincinnati. For her entry, which was a cotton dress, she received a certificate and a cash prize.

Jacqueline Ann Ludwig, daughter of the late Emerson Ludwig, who was killed in action in France in World War II, took first place in the Franklin County finals of the public speaking contest for 4-H club members. She is a freshman in Hilliards High School. She now lives in Hilliards with her step-father and mother, Mr. and Mrs. Roy Bonham. She received a \$50 bond and wrist watch as winner of the contest. Her grandparents, Mr. and Mrs. L. P. Ludwick and Mr. and Mrs. Charles Theobald live here.

## Defense Secretary Argues Strongly For Adoption of Pentagon Shakeup

WASHINGTON (AP)—Secretary of Defense McElroy argued today that modern weapons and war techniques require the Pentagon organization changes proposed by President Eisenhower.

Carrying the fight for the administration Defense Department proposals to a House committee whose leaders are openly opposed to it, McElroy said:

"It would be tragic indeed if in the moment of crisis we should be found wanting because of an attempt to graft the weapons of modern warfare onto an outmoded organization structure."

McElroy told the House Armed Services Committee the program

"is the President's plan." He pointed out Eisenhower's qualifications in the field, from a "lifetime of personal experience, peace and war."

In advance of McElroy's appearance Chairman Vinson (D-Ga.) pledged that the committee will consider the proposals, "seriously, objectively and in detail."

Vinson is one of the leading opponents of the general proposal.

In general, Eisenhower's proposals would give the defense secretary more authority over individual services, a move Vinson and other members of the committee have criticized sharply.

ALREADY introduced in the

House, the bill went into the Senate Monday.

There appeared little likelihood the House committee would approve Eisenhower's plan without major changes.

McElroy attempted in his prepared text to counter two of the objections which have been expressed to the plan.

He said the proposal "does not contemplate merger of the services any more than the Continental Air Defense Command, the Eastern Atlantic and Mediterranean Command, the Atlantic Command, the Strategic Air Command, the Caribbean Command, the European Command, the Alaska Command, and the Pacific Command, all of which are in existence today, have tended to merge or destroy them."

Each of those commands is headed by a single chief, from the service with the predominant interest in the area, in charge of all forces regardless of branch.

Then McElroy turned to the expressed concern of some Congress members over the increased control over money which the Defense Department would have under the proposal.

"Misgivings have been expressed," McElroy said, "that the new proposal seeks to put the entire defense appropriation, now some 40 billion dollars, in the hands of the secretary of defense for him to dispose of as he sees fit. No such change is sought."

"THE OBJECTIVE is simply to provide the secretary of defense with modest flexibility in the handling of defense funds so that unanticipated needs of the unified commands can be met promptly—and scientific breakthroughs can be exploited rapidly."

In explaining the request for increased authority for the secretary

of defense over actual military operations, McElroy said that in the stepped-up tempo of modern warfare the line of command must be clear and direct from the president as commander in chief, to the operating forces.

The Eisenhower plan, he said, would eliminate one step from this line of command—the defense secretary no longer would have to route his orders through the individual services involved.

## Courts

### JURY TRIAL SLATED

Judge John P. Case has fixed May 1 as hearing date for the next jury trial in Common Pleas Court.

It is the case of Harold B. Kingery, Atlanta, against the Bureau of Workmen's Compensation and Henry Frydman, in which the plaintiff claims he was injured severely while loading 800 pound rolls of paper while working for the last named defendant.

His claim under the workmen's compensation law was rejected and he appealed to the Common Pleas Court to be given compensation for his injury.

## Matson Quits As Member of Draft Board

Arthur H. Matson, member of the Fayette County Selective Service Board for several years, has resigned effective immediately, according to a letter received by the board from Lt. Col. R. E. Clouse, executive officer for the state director of the Ohio Selective Service Board.

Ill health and inability to resume full time activities were given as the reasons for his resignation. The letter stated that the state board was sorry to lose Matson's services.

Remaining members of the local board are Karl J. Kay and Rex E. Bloomer.

The letter from the state board requests that the recommending committee for the local board recommend replacement for Matson as soon as possible.

The recommending committee here, appointed more than a year ago by the Ohio Selective Service Board and Gov. C. William O'Neill is composed of Judge John P. Case, Judge Robert L. Brubaker and Forest F. Tipton.

## America Expells Czech Attache

WASHINGTON (AP)—The United States, apparently retaliating for last week's ouster of a U.S. diplomat from Communist Czechoslovakia, is expelling Dr. Roman Skokan, Czech commercial attache here.

In a terse note to the Czech embassy Monday, the State Department said Skokan's presence is no longer acceptable to the U.S. government. His immediate departure was ordered.

Last Friday, Czech police arrested Joseph R. Jacyno, second secretary of the U.S. Embassy in Prague, as he was visiting a friend. He was charged with espionage and ordered to leave Czechoslovakia. The State Department denounced the arrest.
